

SMARTENERGY NEW HAMPSHIRE DISCLOSURE SUMMARY

Product Name	12 months fixed		
Length of the Agreement	Twelve (12) monthly billing cycles		
Fixed per kWh Price	12.35 cents per kWh during the first six (6) monthly billing cycles		
Variable Price Components	After the first six (6) monthly billing cycles, the Agreement will continue at a variable rate. Variable rates will be established monthly, they may be higher or lower each month, will be set in SmartEnergy's sole discretion, and are not based on a market or index price. SmartEnergy typically considers some or all of the following factors when setting its variable rates: publicly available competitor pricing; strategic business objectives; customer retention or attrition; market volatility or uncertainty; anticipated customer usage; the cost of procuring power including wholesale prices, any ancillary service costs, capacity auctions, utility fees, and transmission and distribution losses; weather, supply congestion and infrastructure issues; legal or regulatory issues; and profit margin. This list of factors is not exhaustive, and no single factor will determine the rate. Some factors may be estimated or projected, and the factors SmartEnergy considers may be weighed differently each month. SmartEnergy may spread sudden cost increases over multiple billing cycles so that its customers do not bear the burden of such increases in a single month. In addition, SmartEnergy seeks to acquire the majority of its anticipated electricity supply in advance rather than from the spot market. For all of these reasons, the variable rate may not correlate with changes in wholesale market prices, with the Electric Distribution Company's (EDC's) rate or with other suppliers' rates. The variable rate assigned to any particular individual account may vary from the rate assigned to any other particular individual account, even though such accounts may be in the same utility rate class. EXCEPT FOR ANY PROJECTED INCREASES OF 25% OR MORE, YOU WILL NOT RECEIVE A NOTICE OF THE UPCOMING VARIABLE RATE; UNLESS YOU CONTACT SMARTENERGY, YOU WILL NOT KNOW THE RATE UNTIL THE TIME OF BILLING. To access current, available future and highest and lowest historical rates over the preceding 12 months, contact one of our customer care representatives at 1-800-443-4440 (toll-free) Monday through Friday from 8:00 a.m. to 7:00 p.m. E.T., and Saturday from 9:00 a.m. to 6:00 p.m. E.T. or visit our website www.smartenergy.com. It may take one or more billing cycles for a rate variation to become effective. THERE IS NO LIMIT ON HOW MUCH THE RATE MAY CHANGE FROM ONE BILLING CYCLE TO THE NEXT. THE RATE CAN CHANGE EACH BILLING PERIOD.

Subject to acceptance by **SmartEnergy** and your **Electric Distribution Company (“EDC”)**, you agree to purchase, and **SmartEnergy** agrees to supply, all of your electricity, as delivered to you by your **EDC** under the terms and conditions set forth in this document (the “Terms of Service”). **SmartEnergy** will be supplying the generation portion of your electricity, and your **EDC** will continue to provide the distribution services. As used herein, the words “we”, “us” and “our” refer to **SmartEnergy**, and the words “you” and “your” refer to the Customer.

2. **Agreement and Term.** The Terms of Service, Enrollment Form, Internet Enrollment Form, Telephone Verification Recording, Disclosure Summary and Welcome Letter shall be referred to collectively as the “Agreement”. Please retain this document for your records. The Disclosure Summary specifies the product type (fixed rate or variable rate) and the term that applies to your Agreement with **SmartEnergy**. Only applicable sections that describe your specific product type will apply to your Agreement.

The term of your Agreement begins with the next available meter reading after processing of your enrollment by your **EDC** and **SmartEnergy**.

a. If you enrolled in a fixed-rate plan, at the expiration of the fixed price period, your Agreement will automatically continue on a month-to-month basis on the same terms except that the price each month will be

SmartEnergy’s then-current variable rate, unless earlier terminated by you or **SmartEnergy** in accordance with the terms of this Agreement. **SmartEnergy** will provide you with a renewal notification at least 45 days and no more than 60 days prior to the expiration of the fixed price period (“Renewal Notice”). In the Renewal Notice, **SmartEnergy** will provide information regarding your options to renew or continue on another **SmartEnergy** product. Unless you select another **SmartEnergy** product, terminate or transfer service within ten (10) days of such notice, your electricity supply with **SmartEnergy** will continue either under the rates described in the Renewal Notice or under a variable-rate plan, as determined by **SmartEnergy**.

b. If you enrolled in a variable-rate plan, your Agreement will continue on a month-to-month basis, unless terminated by you or **SmartEnergy** in accordance with the terms of this Agreement.

3. **Right to Cancel.** You may cancel this Agreement without penalty by contacting **SmartEnergy**:

a. Within five (5) business days from the date you electronically receive these Terms of Service;

b. Within six (6) business days from the date of these Terms of Service being mailed to you by first class mail;

e. To cancel, you may contact **SmartEnergy** by writing to **SmartEnergy Holdings, LLC**, 74 W Broad Street, Suite 530, Bethlehem, PA 18018, or by telephone at 1-800-443-4440 (toll-free) Monday through Friday from 8:00 a.m. to 7:00 p.m. E.T., and Saturday from 9:00 a.m. to 6:00 p.m. E.T., or by email to customer.care@smartenergy.com. An Agreement for electric generation services shall not be legally binding until the rescission period has expired, and you have

not, directly or indirectly, rescinded your selection of **SmartEnergy**. **SmartEnergy** will not submit your enrollment request to the **EDC** until this rescission period has elapsed.

4. **Relocation**. You are required to provide notice to **SmartEnergy** if you relocate. If you relocate, a final reading will be made at your old address, and your account with both the **EDC** and **SmartEnergy** will be terminated. You will be obligated to pay for the electricity supply service provided through the date the termination due to relocation becomes effective, including without limitation, any applicable **EDC** fees or charges. If you relocate within your **EDC**'s service territory, you may be able to enter into a new electricity supply agreement with **SmartEnergy**.

5. **Disconnection of Service**. Failure to make full payment of **EDC** charges may result in you being disconnected in accordance with your **EDC**'s tariff. Only your **EDC** has the ability to disconnect your service.

6. **Pricing**. You have enrolled either in a fixed-rate or a variable rate as set forth at the time of enrollment and confirmed in the Welcome Letter or the Disclosure Summary. Fixed rates and variable rates will be determined as follows:

a. **Fixed Rate**. If you enrolled in a fixed-rate plan, the fixed rate per kilowatt-hour ("kWh") will be as indicated in the Welcome Letter or the Disclosure Summary. The fixed rate will be multiplied by the amount of electricity you use in the billing cycle to determine the generation portion of your bill, plus any applicable fees, charges or taxes.

b. **Variable Rate**. If you enrolled in a variable rate plan, the variable rate per kWh for the first month will be as indicated in the Welcome Letter or the Contract Summary. Thereafter, or if your Agreement converts to a variable-rate plan, the rate for electricity will be a variable rate that may be higher or lower each month and will be set in **SmartEnergy**'s sole discretion. **SmartEnergy** typically considers some or all of the following factors when setting its variable rates:

- publicly available competitor pricing;
- strategic business objectives;
- customer retention or attrition;
- market volatility or uncertainty;

- anticipated customer usage;
- the cost of procuring power including wholesale prices, any ancillary service costs, capacity auctions, utility fees, and transmission and distribution losses;
- weather, supply congestion and infrastructure issues;
- legal or regulatory issues; and
- profit margin.

This list of factors is not exhaustive, and no single factor will determine the rate. Some factors may be estimated or projected, and the factors **SmartEnergy** considers may be weighed differently each month. **SmartEnergy** may spread sudden cost increases over multiple billing cycles so that its customers do not bear the burden of such increases in a single month. In addition, **SmartEnergy** seeks to acquire the majority of its anticipated electricity supply in advance rather than from the spot market. For all of these reasons, the variable rate may not correlate with changes in wholesale market prices, with the **EDC**'s rate or with other suppliers' rates. The variable rate assigned to any particular individual account may vary from the rate assigned to any other particular individual account, even though such accounts may be in the same utility rate class. EXCEPT FOR ANY PROJECTED INCREASES OF 25% OR MORE, YOU WILL NOT RECEIVE A NOTICE OF THE UPCOMING VARIABLE RATE; UNLESS YOU CONTACT SMARTENERGY, YOU WILL NOT KNOW THE RATE UNTIL THE TIME OF BILLING. To access current, available future and highest and lowest historical rates over the preceding 12 months, contact one of our customer care representatives at 1-800-443-4440 (toll-free) Monday through Friday from 8:00 a.m. to 7:00 p.m. E.T., and Saturday from 9:00 a.m. to 6:00 p.m. E.T. or visit our website www.smartenergy.com. It may take one or more billing cycles for a rate variation to become effective. THERE IS NO LIMIT ON HOW MUCH THE RATE MAY CHANGE FROM ONE BILLING CYCLE TO THE NEXT. THE RATE CAN CHANGE EACH BILLING PERIOD. However, depending on the product and plan that you select, the variable rate applicable to your Agreement may have limits on price variability (monthly increases, lifetime cap, etc.) which if applicable will be indicated in the Disclosure Summary and Welcome Letter.

c. Depending on the product and plan that you select, you may be billed a monthly customer charge, which if applicable, will be indicated in the Welcome Letter or the Disclosure Summary.

d. For both fixed-rate and variable-rate plans, **SmartEnergy**'s price does not include, and you will be billed by the **EDC** for, charges related to the delivery of electricity, including but not limited to, the price of transmission and distribution, the system benefits charge, stranded cost recovery charge, and taxes.

e. **SmartEnergy**'s prices may be higher or lower than your **EDC**'s rate in any given month.

f. If you accepted an offer from **SmartEnergy** that included an incentive to enroll, such as a month of free electricity or cash back, your incentive will be described in the Contract Summary or Welcome Letter (or both). You must complete the instructions and comply with the terms and conditions on the form included with your Welcome Letter to receive the incentive. You must have an active account with **SmartEnergy** when we process the form in order to be eligible. If you have questions regarding the incentive, you may call **SmartEnergy** at 1-800-443-4440 (toll-free) Monday through Friday from 8:00 a.m. to 7:00 p.m. E.T., and Saturday from 9:00 a.m. to 6:00 p.m. E.T.

g. Historical pricing is not indicative of present or future pricing.

7. **Billing.** You will receive one bill from your **EDC** monthly, in which your **SmartEnergy** supply charges will be listed separately from your **EDC**'s delivery charges. Your **EDC** may or may not charge a fee for switching service to **SmartEnergy**. **SmartEnergy** may offer budget billing for the generation portion of the bill if permitted by your **EDC**. **SmartEnergy** does not require a deposit for its service. If at any time during the term of this Agreement your **EDC** does not provide consolidated billing for your account, you will be billed by **SmartEnergy** for any charges owed to **SmartEnergy**. In that case, you will be billed separately by your **EDC** for any taxes, distribution charges or other utility fees and charges. **SmartEnergy** will pass through to you all charges related to the collection of past due charges, including but not limited to, collection agency fees, legal and court fees and account termination fees.

8. **Payment.** Your payment is due by the date specified in your **EDC** bill, and late payments will be subject to interest at 1.5% per month or the highest amount allowable under applicable law, whichever is lower. The **EDC** will set your payment due date and the payment address.

9. **Credit Requirements.** **SmartEnergy** reserves the right to conduct a credit review prior to providing you with electricity supply service, and reserves the right to refuse you electricity supply service if you do not meet **SmartEnergy**'s credit standards. You agree to provide **SmartEnergy** with any information reasonably requested in order to complete the credit review. If, prior to commencing electricity supply service or at any time during the term of this Agreement, **SmartEnergy** has good faith concerns about your creditworthiness, **SmartEnergy** may conduct a credit review.

10. **Information Release Authorization.** By accepting these Terms of Service, you affirmatively consent to the **EDC** sharing billing and payment information with **SmartEnergy**, including your participation in budget billing or extended payment arrangements. You authorize **SmartEnergy** to obtain and review information regarding your credit history from credit reporting agencies and other information from your **EDC**, including but not limited to the following: account name, account number, billing address, service address, telephone number, standard offer service type, historical and future electricity usage, rate classification, public assistance status, meter readings, characteristics of electricity service and, when charges under this Agreement are included on your **EDC** bill, billing and payment information. This information may be used by **SmartEnergy** to determine whether it will commence and/or continue to provide electricity to you. Such information may be disclosed to a third-party if (a) required by law; (b) such disclosure is to a third party service provider under confidentiality obligations not to disclose such information and to use it solely for the purpose of providing services to us; (c) in connection with your electric generation service; and (d) to our affiliates and subcontractors for marketing purposes. Your acceptance of this Agreement is an authorization for the release of this information to **SmartEnergy**. This authorization will remain in effect during the term of this Agreement. You may rescind this authorization at any time by providing Notice thereof to **SmartEnergy** or

calling 1-800-443-4440 (toll-free) Monday through Friday from 8:00 a.m. to 7:00 p.m. E.T., and Saturday from 9:00 a.m. to 6:00 p.m. E.T. **SmartEnergy** reserves the right to cancel this Agreement on thirty (30) calendar days' Notice in the event you rescind such authorization. **SmartEnergy** considers all such customer information to be confidential and shall not release confidential customer information, except as otherwise permitted under Puc 2004.19, without written authorization from the customer.

11. **Early Termination.** You have the right to terminate this Agreement and change electric suppliers at any time with no advance notice, for any reason, without fees or penalties. You may terminate this Agreement by notifying **SmartEnergy** of termination, contracting with another Competitive Electric Power Supplier for electricity supply, contracting with an aggregator granted agency authority, or contacting the **EDC** to select utility default service. To cancel, you may contact **SmartEnergy** by mail, telephone, or electronically at the contact information provided above. If you cancel this Agreement, you agree to pay for the electricity supplied by **SmartEnergy** through the date that another company begins to supply electricity to you. You are responsible for all charges incurred through the date that makes your cancellation effective and for any fees incurred by **SmartEnergy** in collecting any unpaid amounts due. If you switch back to your **EDC** you may or may not be served under the same rates, terms, and conditions that apply to other customers served by your **EDC**.

12. **Events of Default.** An Event of Default shall mean: (i) failure to make any payment required under this Agreement when due; (ii) the failure to take electric supply when delivered under the terms of this Agreement; (iii) significant downgrading of your credit rating since the effective date of this Agreement, as determined by **SmartEnergy** in its sole discretion; (iv) if you file a petition or otherwise commence, authorize or acquiesce in the commencement of a proceeding or cause of action under any bankruptcy or similar law for the protection of creditors, or have such petition filed against you and such petition is not withdrawn or dismissed for twenty (20) days after such filing; or (v) you are unable to pay your debts as they are due and such inability is not cured within ten (10) days after **SmartEnergy** provides you with written Notice.

a. Remedy for Event of Default. **SmartEnergy** has the right to terminate this Agreement according to Section 13 below if an Event of Default by you occurs.

b. Collection of Past Due Charges. **SmartEnergy** will pass through to you all charges related to the collection of past due charges, including but not limited to, collection agency fees, legal and court fees and account termination fees.

13. **Termination of Service by SmartEnergy.** **SmartEnergy** may terminate electricity supply service to you for an Event of Default (defined in Section 12 above) by you, provided that **SmartEnergy** provides you with at least thirty (30) days' advance written Notice for you to cure the Event of Default before the termination is effective (the "Termination Notice"). If the Event of Default is not cured, the services will be terminated, and you will then receive electricity from your **EDC** or will be given the opportunity to choose a different electricity supplier. You will be responsible to pay for electricity consumed prior to termination. In addition, in the event of a change in applicable law or regulation that prevents or prohibits **SmartEnergy** from performing under the terms of this Agreement, or for any other reason, **SmartEnergy** reserves the right to terminate this Agreement by giving you at least thirty (30) days' advance written Notice. Upon any termination of this Agreement, you will return to receiving standard offer service from your **EDC** unless you have selected another electricity supplier.

14. **Renewable Energy and Renewable Energy Credits.** If you have selected a renewable energy product from **SmartEnergy**, your rate includes an additional charge for the purchasing of Renewable Energy Certificates and the following provision applies: **SmartEnergy** will, either directly and/or through its affiliate(s), retire, on your behalf, non-certified Renewable Energy Credits ("RECs") resulting from electricity generated from renewable energy sources, which may include solar, wind, geothermal, biomass, biogas, or low-impact hydro, in an amount matching either all of your usage for a calendar year or the renewable content amount specified in your plan description. Each REC represents 1,000 kilowatt hours. You will not have electricity from a specific generation facility delivered directly to your meters; but, through this product, you can support generators of renewable

energy that provide electricity to the electricity grid. Renewable energy source availability and generation varies hour-to-hour and from season-to-season, as does all customer electricity usage. **SmartEnergy** relies on regional system power from the grid to serve its customers' minute-by-minute consumption. But, through retirement of RECs by **SmartEnergy**, on behalf of customers, **SmartEnergy** will acquire enough RECs to match either all of your usage or the renewable content amount specified in your plan description. **SmartEnergy** may take up to six (6) months after the end of a calendar year to retire RECs needed to fulfill this product. **SmartEnergy** will not be liable to you or any other party for any advertising assertions related to this product including, without limitation, any claim or liability arising from a representation made as to the "green" or "carbon free" nature of the electricity or this product.

15. **Legal Notice.** All legal notice to be given hereunder ("Notice") will be in writing and delivered as specified in this Agreement to both you and **SmartEnergy**, as applicable, by certified mail or email to you at your service or email address, and to **SmartEnergy** at 74 W Broad Street, Suite 530, Bethlehem, PA 18018, or customer.care@smartenergy.com. Notice will be effective upon either confirmation of receipt by the person to whom it is addressed, or when delivery is confirmed by the carrier, whichever is earlier. Notwithstanding anything herein to the contrary, **SmartEnergy** may make changes to the terms of this Agreement at any time by posting them on www.smartenergy.com. The Agreement posted on the **SmartEnergy** website shall apply to all existing **SmartEnergy** customers, without the requirement of Notice as defined hereunder.

NEITHER SMARTENERGY NOR ANY OF ITS AFFILIATES OR SUBCONTRACTORS SHALL BE LIABLE FOR CONSEQUENTIAL, INCIDENTAL, INDIRECT, SPECIAL, PUNITIVE OR OTHER DAMAGES, REGARDLESS OF WHETHER SUCH DAMAGES ARE BASED ON A CLAIM RELATING TO CONTRACT, TORT, WARRANTY, NEGLIGENCE, STRICT LIABILITY, LOST PROFITS, BREACH, NON-PERFORMANCE OR ANY OTHER BASIS. YOU AND SMARTENERGY WAIVE THE RIGHT TO A JURY TRIAL IN CONNECTION WITH ANY DISPUTE ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT. BOTH SMARTENERGY AND YOU AGREE NOT TO INITIATE OR BECOME A PARTY TO ANY CLASS ACTION SUIT OR PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT.

h. Arbitration. If your complaint or dispute is not resolved through contact with our customer service department, you agree to resolve those disputes through binding arbitration or small claims court instead of in courts of general jurisdiction. Any arbitration under this Agreement will take place on an individual basis; class arbitrations and class actions are not permitted. Please visit <http://www.smartenergy.com/resolving-disputes> for the full terms and conditions that govern your agreement to resolve any disputes arising under this Agreement through binding arbitration or small claims court. j. Governing Law. This Agreement shall be construed under and shall be governed by the laws of the State of New Hampshire without regard to the application of its conflicts of law principles.

k. Non-Waiver; Severability. The failure by one party to require performance of any provision shall not affect that party's right to require performance at any time thereafter, nor shall a waiver of any subsequent breach or default of this Agreement constitute a waiver of any subsequent breach or default or a waiver of the provision itself. If any provision of this Agreement is held unenforceable, then such provision will be modified to reflect the parties' intention. All remaining provisions of this Agreement shall remain in full force and effect.

l. Social Service Agencies and Programs. Your **EDC** may have programs available to customers who are on a limited or fixed income to assist them with utility bills. Definitions

Power Sources: The electricity you consume comes from the New England power grid, which receives power from a variety of power plants and transmits the power as needed to meet the requirements of all customers in New England. When you choose a power supplier, that supplier is responsible for generating and/or purchasing power that is added to the power grid in an amount equivalent to your electricity use. “Known Resources” include resources that are owned by, or under contract to, the supplier. “System Power” represents power purchased in the regional electricity market. Electric suppliers are required to obtain a certain amount of renewable energy in accordance with RSA 362-F, the state’s renewable portfolio standard law. They may also choose to obtain amounts of renewable energy above their legal obligation, and utilities must also offer a renewable energy option to allow customers to choose to support the purchase of renewable energy by the utility.

Emissions:

Carbon Dioxide (CO₂) is released when fossil fuels (e.g., coal, oil and natural gas) are burned. CO₂, a greenhouse gas, is a major contributor to climate change.

Nitrogen Oxides (NO_x) form when fossil fuels and biomass are burned at high temperatures. They contribute to acid rain and ground-level ozone (or smog) and may cause respiratory illness with frequent high-level exposure. NO_x also contributes to oxygen deprivation of lakes and coastal waters which is destructive to fish and other animal life.

Sulfur Dioxide (SO₂) is formed when fuels containing sulfur are burned, primarily coal and oil. Major health effects associated with SO₂ include asthma, respiratory illness and aggravation of existing cardiovascular disease. SO₂ combines with water and oxygen in the atmosphere to form acid rain, which raises the acid level of lakes and streams, and accelerates the decay of buildings and monuments.
